### Self-Regulatory Organization; Midwest Securities Trust Company; Notice of Filing and Immediate Effectiveness of Proposed Rule Change That Merges the MSTC Bearer Bond System and the MSTC Registered Bond System

January 13, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> notice is hereby given that on

October 11, 1994, the Midwest Securities Trust Company ("MSTC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared mainly by MSTC, a self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

MSTC proposes to merge its bearer bond system into its registered bond system and to make certain related conforming changes.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, MSTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places, specified in Item IV below. MSTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

##### (A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

MSTC currently processes bearer municipal bonds in a different system from that which is used to process registered bonds and equities.<sup>2</sup> This proposal merges the bearer and registered securities processing systems with the registered securities processing system being the surviving system.

MSTC believes that merging the two systems provided several advantages. First, it reduces the number of separate reports that must be provided to participants. Second, it consolidates into one system all bearer and registered securities activity, input/inquiry functions, reports, and file transmissions. Third, it makes intraday transactions in bearer securities subject to the 1:30 p.m. cutoff that is currently in effect for registered securities

transactions rather than the existing 2:30 p.m. cutoff time.<sup>3</sup> Finally, the merger permits bearer securities to be eligible for MSTC's pledge loan program.

MSTC believes that the proposed rule change is consistent with Section 17A of the Act<sup>4</sup> in that it will facilitate the prompt and accurate clearance and settlement of securities transactions and will assure the safeguarding of securities and funds which are in MSTC's custody or control or for which MSTC is responsible.

##### (B) Self-Regulatory Organization's Statement on Burden on Competition

MSTC believes that the proposed rule change will not place any burden on competition.

##### (C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

MSTC has neither solicited nor received any written comments on the proposed rule change.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>5</sup> and Rule 19b-4(e)(4) thereunder<sup>6</sup> because the proposal effects a change in an existing service of MSTC which does not adversely affect the safeguarding of securities or funds in the custody or control of MSTC or for which it is responsible and does not significantly affect the respective rights or obligations of MSTC or persons using the services.

At any time within sixty days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons making written submission should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington D.C. 20549. **Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change By the American Stock Exchange, Inc. Relating to the Listing of Warrants Based on the Deutscher Aktienindex (DAX)**

January 19, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), 15 U.S.C. 78s(b)(1), notice is hereby given that on December 5, 1994, the American Stock Exchange, Inc. ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Amex. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to approve for listing and trading under Section 106 of the Amex Company Guide ("Guide") warrants based on the Deutscher Aktienindex ("DAX Index" or "Index"), a capitalization-weighted index of 30 German stocks trading on the Frankfurt Stock Exchange ("FSE"). The text of the proposed rule change is available at the

Office of the Secretary, the Amex, and at the Commission.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Amex has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

**(A) Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change**

Under Section 106 (Currency and Index Warrants) of the Guide, the Exchange may approve for listing index warrants based on established foreign and domestic market indexes.<sup>1</sup> The Amex is currently trading a number of issues of index warrants pursuant to Section 106.<sup>2</sup>

The Amex is proposing to list index warrants based on the DAX Index, an internationally-recognized, capitalization-weighted<sup>3</sup> index of 30 highly capitalized German stocks trading on the FSE.<sup>4</sup> The DAX Index is

<sup>1</sup> The Commission notes that the Exchange has filed a proposed rule change that would, among other things, revise the criteria pursuant to Rule 106 for listing stock index and currency warrants. These new standards will apply to Index warrants issued following approval of that proposal rule change. See Securities Exchange Act Release No. 35086 (December 12, 1994), 59 FR 65561 (December 20, 1994) (notice of File No. SR-Amex-94-38).

<sup>2</sup> See Securities Exchange Act Release Nos. 33036 (October 8, 1993), 58 FR 53588 (October 15, 1993) (approval for index warrants on the Amex Hong Kong 30 Index), 31016 (August 11, 1992), 57 FR 37012 (August 17, 1992) (approval for index warrants on the Japan Index), and 30462 (March 11, 1992), 57 FR 9290 (March 17, 1992) (approval for index warrants and index options on FT-SE Eurotrack 200 Index).

<sup>3</sup> The capitalization of a particular stock in the DAX Index is calculated by multiplying the price of the stock by the "listed capital." Listed capital includes common and preferred shares and shares held in the corporate treasury. The Amex represents that this weighting method differs from the method used in calculating domestic capitalization-weighted indexes, which are calculated by multiplying the price of the stock only by the number of common shares.

<sup>4</sup> The components of the Index are as follows: Allianz AG Holdings; BASF AG; Bayer AG; Bayer Hypo/Wech; BMW; Bayer Vereinsbank AG; Commerzbank AG; Continental AG; Daimler-Benz AG; Deutsche Babcock AG; Deutsche Bank AG; Degussa AG; Dresdner Bank AG; Henkel KGAA-Pfd; Hoechst AG; Karstadt AG; Kaufhof Holdings AG; Lufthansa AG; Linde AG; Man AG; Metallgesellschaft; Mannesmann AG; Preussag AG; RWE AG; Schering

calculated by the FSE and is updated on a continuous basis. The stocks included in the Index are among the largest German corporations and their shares are among the most actively traded of German issuers. The DAX Index is composed of ten broad industry groups including chemicals, automobile manufacturers, banks, and insurance companies.

The median capitalization of the companies in the Index as of December 2, 1994, was US\$6.52 billion.<sup>5</sup> The average market capitalization of these companies was US\$8.78 billion as of that date. The market capitalizations of the individual companies in the Index ranged from US\$740.51 million to US\$32.02 billion as of December 2, 1994. The largest component, Allianz AG Holdings, accounted for 12.5% of the total weighting of the DAX Index, while the smallest, Deutsche Babcock AG, accounted for 0.28% of the weight of the Index. The five highest weighted components of the Index on that date accounted for 43.69% of the total weight of the Index. Average daily volume in the component securities for the period from June 1994, through November 1994, ranged from a low of approximately 59,408 shares to a high of 1.04 million shares, with an average trading volume for all components of the Index of approximately 338,449 shares per day. The Index had a closing value of 2,038.5 on December 2, 1994.

The DAX Index is maintained by the FSE in conjunction with the Borsen-Zeitung (an industry newspaper). The value of the Index is calculated every minute by the FSE from 10:30 a.m. to 1:30 p.m. Frankfurt time (4:30 a.m. to 7:30 a.m. New York time)<sup>6</sup> and is disseminated over Reuters News Service, among others. In addition, the composition of the DAX Index is reviewed periodically by the FSE. The FSE will not alter the composition of the DAX Index unless a stock fails to meet certain criteria, e.g., market capitalization and trading volume. Replacement stocks are usually selected from a list of substitute stocks. If possible, a replacement stock will be selected by the FSE from the same industry as the stock that it is replacing.

The Exchange represents that warrant issues on the DAX Index will conform

AG; Siemens AG; Thyssen AG; Veba AG; Viag AG; and Volkswagen AG.

<sup>5</sup> Based on the exchange rate of DM 1 = US\$1.58 prevailing on December 2, 1994.
